 - a. Katrina will make a doodle for the week after reading week. We'll take the picture in the grad lounge.
4. Open house: March 6th
 - a. Thursday night, March 5th
 - i. **Dinner at 6:30pm** - Copper Penny – massive menu, lots of options, not too expensive.
 - ii. Encourage grad student hosts to come (i.e., to discuss it with their student/s) and to RSVP, ideally.

 - b. Friday, March 6th
 - i. We'll try to organize having this event at the grad club, joint with other departments. Vanessa will be in touch with the grad club to see if we can book it that night.
 1. Can have this event start at **8:30pm** – allows some time after dinner to get changed/relax. Can have some people there earlier (after dinner), in case people don't have a place to be.

- ii. Rock & Roll theme! Don't need to wear a costume – won't stand out if not dressed up.
 - iii. Could go out afterwards, if people want to.
 - iv. Departments to invite – can invite a few at a time, gauge interest, can mention it to friends in these departments.

 2. Kinesiology
 3. Education
 4. Rehab Sciences – OT, PT.
 5. Economics

- c. AGSIP potluck lunch
- i. Hans will ask faculty to bring food this year.
 - ii. Chloe will make a google doc and will send out an e-mail with a google doc for people to sign up to bring food. Will strongly encourage people to bring food if they're eating (e.g., "We know everyone is busy, but please be respectful and bring a dish if you're going to enjoy the delicious food ☺")
