

Regulation of Emotion Systems Survey

Please indicate how you respond **right away to negative emotions as they arise**. Do not choose your answers based on what you think you should do or wish you do. Instead, choose your answers thoughtfully, and make your answers about what you *actually* do. Please answer *every* item. There are no “right” and “wrong” answers, so choose the most accurate answer for YOU – not what you think “most people” would say or do. For each statement below, please circle the appropriate number to indicate how frequently you did the following things in response to feeling a negative emotion, such as anger, sadness, or stress.
