PSYCHOLOGY DEPARTMENTAL VOLUNTEER OPPORTUNITIES

Queen’s Visual Cognition Lab (QVCL) Volunteer Research Assistants Position

INTERESTED IN GAINING SOME RESEARCH EXPERIENCE?

The Queen’s Visual Cognition Lab (QVCL) is currently looking for Volunteer Research Assistants who are enthusiastic about Cognitive Psychology and want to learn more about Vision Research.

This is a perfect position for a 2nd or 3rd year student interested in learning more about this field or looking to gain some research experience. We have some great people working in our lab this year, and hopefully you’re interested in contributing to our field of work. The time commitment is about 10hrs/week and hours are flexible.

If you are interested, please email our lab (qvcl.coord@gmail.com) by Tuesday, September 24th with your resume, an unofficial copy of your transcript, computer skills, and the reason why you would make an excellent volunteer. Place ‘Lab Assistant Position’ in the subject line.

If you would like more information about our research, feel free to browse our website at https://qvcl.ca/ or drop by our lab located at Humphrey Hall, rm 311.

PSYC 100 ASUS CRAM Develops

ASUS Cram PSYC100 Project Developer

ASUS is currently offering applications for the PSYC 100 ASUS CRAM Developers. You will get a chance to meet new people and work alongside a team, manage logistics, and even plan an event – doing so will provide valuable work experience for job applications in the future.

ASUS Cram aims to assist students who feel as though they need additional help outside of the course-provided opportunities. This program will seek to help students develop useful and healthy study skills as well as course-specific knowledge which will provide them with the tools and resources necessary to maximize their potential in a course. The Project Developer position is a new job which, for the 2019-2020 school year, will include two members. The hired members will be responsible for creating a course booklet and teaching at course review sessions in the months of December and April. This year, ASUS Cram will be offering review sessions in PSYC100. Candidates must have been previously enrolled in the course and received a grade of
A- and must not be or have been a TA for the course.

All information, job descriptions, time commitment and application can be found at this link: [https://arts-science-undergraduate-society.breezy.hr/p/5088b2204fe9-asus-cram-psyc100-project-developer](https://arts-science-undergraduate-society.breezy.hr/p/5088b2204fe9-asus-cram-psyc100-project-developer)

I also encourage you to take a look at the many other opportunities that ASUS has to offer, those are linked here: [https://arts-science-undergraduate-society.breezy.hr](https://arts-science-undergraduate-society.breezy.hr)

Please note that the application for this position closes on September 23rd, 2019 at 4:00pm sharp.

### PSYCHOLOGY DEPARTMENTAL DEADLINES/EVENTS/OPPORTUNITIES

#### New this Fall UGChat!

Are you looking for general guidance, an opportunity to chat with an academic advisor and/or peers, or a chance to talk generally about your academic plan and career options? This is a session for you!

Happening Fridays from 1-2pm throughout the fall and winter terms, drop into one of our brand new active-learning classrooms for active academic advising. Dr. Norris, Undergraduate Chair in Psychology, will be in Humphrey 223 to help with general questions about plans, to walk you through how to run your Academic Advisement Report, to point out career considerations, and to highlight opportunities on campus that match with your interests and goals. This is a group drop-in session with the goal of equipping students with information that is of interest to them in an informal and helpful way, and building connections among our students. There is no formal agenda, just bring your laptop and questions!

**October Dates:**
October 4, 11, 18 & 25

#### Fall Convocation

Have you completed all of your degree requirements at the end of summer term and would like to graduate this fall? Apply to graduate through your Student Service Centre in SOLUS through Academics-My Academics-Graduation-Apply to Graduation. Applications will be accepted until October 15, 2019.

Please visit the Registrar’s convocation page for further details: [http://www.queensu.ca/registrar/students/convocation/fall-2019](http://www.queensu.ca/registrar/students/convocation/fall-2019)
QChat

QChaT is officially running again for the 2019-20 academic year. The website is live again as of today (www.QChatPsychology.com) and undergraduate students are able to book appointments any time. Surveys show that most mentees hear about the program from onQ and/or from a prof or TA during lecture/tutorial. Because that method of promotion is so effective, I am writing to ask if you could show the attached PPT slide at the start of one of your near-future lectures and consider including a link somewhere in your onQ page. We welcome bookings from students of any academic year, but our focus is 3rd and 4th year students as they prepare for 501, MSc and funding applications.

Canadian Psychological Association is Recruiting Student Representatives

Recruiting Student Representatives for the Canadian Psychological Association

Interested in becoming part of the largest psychological association in Canada? The Canadian Psychological Association (CPA) is currently looking to recruit student representatives for Queen’s University to assist in creating a forum for students to connect and learn about topics such as careers in psychology, applying to graduate programs, and the process of completing a thesis. The CPA also provides students with a strong voice within the psychological community and the opportunity to meet a group of like-minded peers.

If you are interested in becoming a student representative for the CPA or have any questions, please email us at: queensucpa@gmail.com
Department of Psychology

2019-2020 VISITING SCHOLAR LECTURE SERIES

Friday, October 4, 2019 - 2:30 PM • Dunning 14

DR. JESSICA CANTLON,
Carnegie Mellon University

TALK: Monkeys, Math, and the Developing Brain

ABSTRACT
Primitive logical and perceptual processes form the basis of human cognitive development and can point to the origins of human thought. Our research studies the origins of human mathematical cognition by examining the evolutionary, cultural, and developmental influences on mathematical cognition. We use comparative cognitive and neuroimaging methods with multiple populations including non-human primates, developing children, industrialized people in US, and remote people in the Amazon. The studies reveal basic universal logic across cultures, human evolutionary homologs of mathematical thought in non-human primates, and their neural origin in human children. By conducting research at multiple levels of analysis we begin to disentangle the evolutionary influences on human cognition from the more proximal influences of culture and individual learning.

BIOGRAPHY
Dr. Jessica Cantlon is the Ronald J. and Mary Ann Zdrojkowski Professor of Developmental Neuroscience, Associate Professor of Psychology in the Department of Psychology of Dietrich College of Humanities and Social Sciences, Carnegie Mellon University. Dr. Cantlon's area of expertise is Cognitive Neuroscience, Cognitive Science, Developmental Psychology.
COMMUNITY EVENTS AND OPPORTUNITIES OF INTEREST

Autism Speaks Canada Walk

Autism Speaks Canada Queen’s U will be running the first ever Autism Speaks Canada walk in Kingston, Ontario this September 29th! The event includes a scenic walk within the beautiful City Park just off campus, many fun activities, raffle events, service providers, tasty food and much more! The event is free for all participants! Please sign up with the link on our event page posted on Facebook and walk alongside your peers, friends and the Kingston and Queen’s communities to support funding for Autism Speaks Canada and to promote awareness for Autism Spectrum Disorder!

Register, Donate, Volunteer at ascWalk.ca

Career Services Ambassador Volunteers

Ambassadors are a big part of the Queen’s Career Fairs and one of the reasons it’s so successful, but it is also a great opportunity for you. By representing Queen’s University, you will have the opportunity to meet with local, national and international employers and start you off on the right foot based on your presence as a volunteer.

REGISTER here: careers.queensu.ca/students/want-build-experience/volunteer/career-services-ambassadors
Every year, through the Peace Medal Awards, YMCAs across Canada recognize people who, without any special resources, status, wealth or position, give their time and effort to make our communities better places to live. Peace isn’t just the absence of violence and conflict. It’s the work to create and keep conditions of fairness, inclusion, empathy, security and respect for diversity. Peace-building is core to the YMCA’s commitment to strengthening healthy communities and is built into the YMCA of Eastern Ontario’s programs and services.

We bet you know someone who deserves that recognition.

It could be the person who volunteers at a medical clinic in a developing country or works here to make sure that people don’t go hungry. It could be the young person who raises money to build a school or who mentors younger children here at home.

We’re looking for heroes whether they are young or old, individuals or groups, who have demonstrated a commitment to building peace within our local community or communities elsewhere in the world.

By celebrating the YMCA Peace Awards together, we are thanking those who are creating the future we want for our community, country and world.

Help us honour our community heroes by nominating someone before October 15.

**Tickets for the Awards Breakfast**

Kingston YMCA will award the medals on November 1 at the Four Points by Sheraton. We are very excited to announce that our special guest speaker will be Tom Jackson—Officer of the Order of Canada, actor, recording artist, activist and philanthropist. He is well-known for his portrayal of Billy Twofeathers in *Shining Time Station* and playing Chief Peter Kenidi in *North of 60*. Singing and touring the *Huron Carole* has raised millions of dollars for Canada’s food banks. Jackson is also a Juno and Gemini Humanitarian Award winner, a 10-time honorary degree recipient, a winner of the 2014 Governor General’s Performing Arts Award and is an ambassador for the Canadian Red Cross.

To nominate someone in Kingston, the nomination form can be found [here](#). To purchase individual or group tickets for this special event, please contact me at anita_mercier@kingston.ymca.ca.
Sustainability Week 2019 is quickly approaching! Sustainability Week is your opportunity to learn more about some of the sustainability initiatives that are happening on Queen’s campus and in the larger Kingston community! More than 40 collaborating Queen’s clubs and Kingston organizations are working together to host a variety of events that provide you an opportunity to engage and inquire about the environmental issues facing our local and global communities and ecosystems! Join your fellow staff, faculty and students as we delve into how we as a community can tackle climate change! A full schedule of events can be found at https://www.queensu.ca/sustainability/get-involved/sustainability-week or the Queen’s Sustainability Office Facebook page.

ASUS BUDDY Program in Partnership with Autism Ontario Kingston

The Asus Buddy Program is now open. Applications accepted until Sept 28, 2019. Availability will depend on the number of volunteers. Pairing will be done the end of September with the kick-off in early October. To apply click this link: http://bit.ly/AsusBuddy

Queen's ASUS supported by Kingston Chapter of Autism Ontario is offering their Buddy Program. The Buddy Program is for children 4-16. The Program is designed to be for parent relief but also to give experience to students with special interest in working with children on the Spectrum. Families and Buddies are expected to commit 2-3 hours per week.
STEM Fellowship is recruiting for a plethora of different positions! For those who don't know, STEM Fellowship is a national, youth-led, not-for-profit organization that creates mentorship and experiential learning programs to equip students with skills in data analytics, research, and scholarly communication. We also run annual events such as our Big Data Challenge, as well as the Canadian Youth Physics Tournament (CaYPT), and have our own peer-reviewed scientific journal, the STEM Fellowship Journal, where we regularly publish the work of high school and undergraduate students. More information regarding our organization can be found on our website, http://stemfellowship.org/

We are currently recruiting students for roles on several committees on our national team. These include, but are not limited to, positions like Data Science Workshop Developer, Design Team member, CaYPT Head of External Affairs, and a lot more. A full list of all available positions can be found here: https://drive.google.com/file/d/1qgIy1ZJrrSlr2rm_mz8Wq3m0hdWBBQG3/view

So if you’re passionate about STEM, and wish to get more involved, be sure to apply for any of the open positions. Applications are due September 29th.

Campus Support Services

International Students:
Queen’s University International Centre (QUIC) is a support service for all members of the Queen’s community and through its activities promotes an internationally informed and cross-culturally sensitive learning environment.
Queen’s University International Centre
John Deutsch University Centre
+1-613-533-2604
http://quic.queensu.ca
**Student Health Services:**
If you have an ongoing health condition and will require involvement with our on-campus family physicians, including prescriptions for medication, contact your family doctor or previous post-secondary institution health service to arrange a transfer of pertinent health records (including immunization records) to Queen’s Student Health.

www.queensu.ca/studentwellness
(613) 533-2506

**Counselling Services**
If you have seen a counselor in the past, and anticipate that you may want to see a personal counsellor at Queen’s, please contact the Student Wellness Services office to get more information about the counselling services available on campus and to discuss transfer of information from your previous counsellor.

www.queensu.ca/studentwellness
(613) 533-6000, ext 78264
counselling.services@queensu.ca

**Other Health Services/Resources at Queen's:**
- Physical Therapy Clinic
- Sexual Health Resource Centre (SHRC)
- DrugSmart: A pharmacy located in the Queen’s Centre.
- Environmental Health and Safety
- Food Centre, AMS: A non-profit, confidential, and non-judgmental food service for members of the Queen’s community.

**Peer Support Centre:**
The Peer Support Centre is a service on campus that provides one-on-one peer support to all undergraduate students. It thrives on being confidential and non-judgemental. Every student is always welcome to drop-in for a chat or resource referral. Students are free to talk about anything they choose. No problem is too big or too small! We are open 10am - 10pm, 7 days a week starting in September.

**Disability Services**
Student Wellness Services assists students in the following ways:
- Recommends exam accommodations
- Facilitates access to material in alternate formats
- Provides assistive technologies
- Coordinates learning strategies and library research workshops
- Coordinates volunteer note-taking and peer mentor programs
NOTE: Students with disabilities who wish to make use of the services available must register at Disability Services every academic year and must forward supporting documentation to the Student Wellness Services Office.

Other disability services offered at Queen's include...

- **Learning Strategies Development**: This program enhances students' ability to learn effectively and helps students develop greater confidence in their abilities.
- **Learning Disabilities Specialists**: Offered through the Regional Assessment and Resource Centre, these specialists provide assessment and services for students with possible learning disabilities and other neuropsychological conditions.
- **InvisAbilities**: A student organization promoting awareness, education, and support of young adults living with hidden chronic illness. Started at Queen’s in 2009, the group has spread to include chapters at McGill University, University of Ottawa, Brock University, and University of Calgary.

**Academic Support**
The transition to university life is a big one – and part of it is adjusting to the challenges and workload that are part of being a Queen’s student. At Queen’s you are never alone. We have many offices dedicated to helping you learn, think, and do.

**The Learning Commons**
The Queen's Learning Commons (QLC) is both a hub of services supporting formal academic programs and a meeting place within Stauffer Library. It encompasses physical and online environments, accommodating different approaches to learning. The QLC provides resources, workshops and seminars, and one-on-one professional consultations for students who want to enhance or develop their skills.

The QLC is composed of:

- The Adaptive Technology Centre / Library Services for Students with Disabilities
- ITServices: Services include many learning resources and workshop opportunities
- Queen’s Library: Services include Subject Liaison Librarians who can help you locate resources for your field of study
- Student Academic Success Services who can help you improve your writing and academic skills and confidence through online resources, workshops and individual appointments.

**Career Services**
As the central provider of career education and employment support services at Queen's University for undergraduate, graduate students and recent alumni from all disciplines. They offer a comprehensive range of accessible services to support and empower students in making informed decisions about their career, further education and employment goals.
