THIRD YEAR PSYCHOLOGY MAJORS: PSYC 501 IMPORTANT INFORMATION

It's time to apply for PSYC 501! Please note the following deadlines:

- Deadline for students to submit applications -- **Monday, March 2nd, 2020**
- Deadline for students to submit rankings -- **Monday, March 23rd, 2020**
- Matching decisions announced -- **Late-April, 2020**
- Thesis eligibility confirmed-- **Late-May, 2020**

**Minimum Criteria:**

- The completion of PSYC 302/3.0 (or PSYC 300/6.0) by April 2020 with a minimum grade of C+ [unless you participated in exchange during the 2019-20 academic year];
- A minimum GPA of 2.60 between PSYC 202/3.0, PSYC 203/3.0, PSYC 301/3.0, and PSYC 302/3.0 (or PSYC 300/6.0);
- A minimum PSYC GPA (not including Supporting Science or PSYC_Subs credits) of 3.30 (equivalent to a B+), following submission of winter term grades.

**NOTE:** Students must have a minimum PSYC GPA of 3.00 ("B" average) at the time of application. Students with a GPA below this threshold who apply will be advised of their ineligibility.

Please make use of the ASC "GPA Calculator" to see if it is likely that you will meet the GPA requirements by the end of the winter term.

**Please note that all students who meet the minimum criteria may apply for PSYC 501/9.0. However, not all students who meet the minimum criteria will be accepted into the thesis option. Because PSYC 501/9.0 is an intensive course of study, involving a significant amount of commitment from both the student and their Faculty supervisor, we can only accept a limited number of students. Acceptance is based primarily on (1) academic performance in Psychology courses, and (2) match in research interests with a potential supervisor.**

Application Steps and Faculty Supervisory List can be found on our website: [https://www.queensu.ca/psychology/undergraduate/current-students/course-information/psyc-501-information](https://www.queensu.ca/psychology/undergraduate/current-students/course-information/psyc-501-information)

Summer 2020 NSERC-USRA Research Awards

[Summer 2020 NSERC-USRA Research Awards](https://www.queensu.ca/psychology/undergraduate/current-students/course-information/psyc-501-information)
USRA (Undergraduate Student Research Awards) are meant to nurture your interest and fully develop your potential for a research career in the natural sciences and engineering. They are also meant to encourage you to undertake graduate studies in these fields. If you would like to gain research work experience that complements your studies in an academic setting, these awards can provide you with financial support through your host university. NSERC encourages qualified Indigenous students to apply for this award.

To be eligible to apply for an award, you must:
- be a Canadian citizen or permanent resident of Canada as of the deadline date for applications at the university;
- be registered, as of the deadline date for applications at the university, in a bachelor's degree program at an eligible university;
- minimum cumulative grade point average of 3.0.

In addition...
- Students are not permitted to take courses during working hours throughout the term of their award unless special arrangements to make-up the time have been made with the supervisor. In particular, they are not permitted to do thesis research during the term of the award.
- You may hold only one university USRA per fiscal year (April 1 to March 31).
- You may hold a maximum of three university USRAs throughout your undergraduate university career.

To hold an award, you must:
- have completed all the course requirements of at least the first year of university study (or two academic terms) of your bachelor's degree;
- have been registered in at least one of the two terms immediately before holding the award in a bachelor's degree program at an eligible university;
- not have started a program of graduate studies in the natural sciences or engineering at any time;
- be engaged on a full-time basis in research and development activities in the natural sciences or engineering during the tenure of the award.

Duration of awards
- The duration of the award is 16 consecutive weeks on a full-time basis.
- You may hold an award at any time during the year as permitted by your academic program.

You must work under the supervision of a faculty member. Psychology Faculty members listed above are accepting applications for summer 2020. Please follow up with them directly via email with your unofficial transcript to apply.

The deadline to secure Faculty approval is February 21, 2020.

Once you have secured approval from a Faculty member, please send an email to the Undergraduate Office: ug.psyc@queensu.ca. Please include the Faculty Supervisor in your email for confirmation.

Once the Awards Committee has selected the recipients, successful applicants will be notified as soon as possible (date TBA).

You will need to formally accept your offer and complete the necessary documentation required from NSERC.

You will be required to include an unofficial transcript (showing your name and student number) in your formal submission through the NSERC portal by March 5, 2020.

Application deadline: February 17, 2020
My name is Leanne Kack and I am a master’s student in Organizational Behaviour at Smith School of Business. I am currently working under the supervision of Dr. Matthias Spitzmuller and Dr. Christopher Miners, and I am in need of help for a study I am conducting.

The purpose of the study is to examine the effects of a reflection activity, that incorporates mindfulness, on team dynamics and decision making. The study will ask participants to engage in a computer-based reflection activity, a collective bridge building task, and a post-task questionnaire. The study is estimated to take 1 hour to complete these tasks.

We are looking for students to assist with the research on a variety of tasks.

Qualifications:
- Second or third year psychology major

The study will be run within the following times:
- Monday: 11 – 1pm, 4 – 6pm
- Wednesday: 11 – 4pm
- Thursday: 11 – 4pm
- Friday: 11 – 4pm

If you are interested and are available within these times on one or more of the days listed above, please let me know. Your help will be greatly appreciated.

Cheers,

Leanne Kack, MSc; Smith School of Business

Greetings from the Equity Office;

Please join us on March 3rd, 2020 for the 2019 Tri-Awards Celebration and Keynote address. Our keynote this year features circus artist and coach, Erin Ball. In addition to many ongoing artistic projects, Erin developed a workshop aimed at increasing accessibility in circus arts and in 2017 hosted her first amputee circus camp. Erin will speak to her experiences as an amputee in the circus arts and also perform a demonstration of her Extended Body showpiece.

In addition to the keynote, attendees will also be part of our annual Tri-Awards celebration, honouring accomplishments in the areas of employment equity, accessibility and human rights.

Seating for this event is limited so please register early https://www.eventbrite.ca/e/human-rights-and-equity-office-tri-awards-celebration-tickets-84652246147

Please help us to plan an accessible and inclusive event by identifying any personal requirements, dietary or otherwise, that you may have. Please contact us in advance at equity@queensu.ca and we will help meet your accommodation and inclusion needs.

**NEUROXCHANGE CONFERENCE**

**Wednesday, April 29**

NeuroXchange is a unique neuroscience, mental health, and music cognition conference held at McMaster University open to undergraduate students across Ontario. This conference is designed to bring together aspiring neuroscientists to network, learn, and present their research to fellow peers. Students are encouraged to present their research OR to register as attendees.

If you are an undergraduate student interested in neuroscience, mental health or research in general, we highly encourage you to attend. There will be two keynote addresses from a researcher in the field of neuroscience and mental health, as well as three panels from professionals in the field of neuroscience, mental health, and music cognition. If you are currently doing a project in the field of neuroscience, this is a great opportunity to present your research. Students presenting their research will have the opportunity to win cash prizes as well as a chance to be published in the McMaster Undergraduate Health Sciences Journal (The Meducator) and the McMaster Undergraduate Journal of Psychology, Neuroscience and Behaviour (Psynapse).

**The York University CVR-VISTA Vision Science Summer School Dates: June 8 - 12, 2020**

The Centre for Vision Research (CVR) at York University in Toronto offers a one-week, most-expenses-paid* undergraduate summer school on vision science.

The program includes talks by CVR faculty on current research topics in vision science, as well as hands-on experience in CVR laboratories. The curriculum reflects the wide range of research areas at CVR, which includes research on human visual perception, computer vision, machine learning, visual neuroscience, 3D film, immersive environments, and disorders of vision.

The program is designed for undergraduate students who are interested in attending graduate school and / or pursuing a career in scientific research in a vision-related field.

#### Other Health Services/Resources at Queen’s:

- Physical Therapy Clinic
- Sexual Health Resource Centre (SHRC)
- DrugSmart: A pharmacy located in the Queen’s Centre.
- Environmental Health and Safety
Food Centre, AMS: A non-profit, confidential, and non-judgmental food service for members of the Queen’s community.

Peer Support Centre:
The Peer Support Centre is a service on campus that provides one-on-one peer support to all undergraduate students. It thrives on being confidential and non-judgemental. Every student is always welcome to drop-in for a chat or resource referral. Students are free to talk about anything they choose. No problem is too big or too small! We are open 10am - 10pm, 7 days a week starting in September.

Disability Services
Student Wellness Services assists students in the following ways:
- Recommends exam accommodations
- Facilitates access to material in alternate formats
- Provides assistive technologies
- Coordinates learning strategies and library research workshops
- Coordinates volunteer note-taking and peer mentor programs

NOTE: Students with disabilities who wish to make use of the services available must register at Disability Services every academic year and must forward supporting documentation to the Student Wellness Services Office.

Other disability services offered at Queen’s include...
- Learning Strategies Development: This program enhances students’ ability to learn effectively and helps students develop greater confidence in their abilities.
- Learning Disabilities Specialists: Offered through the Regional Assessment and Resource Centre, these specialists provide assessment and services for students with possible learning disabilities and other neuropsychological conditions.
- InvisAbilities: A student organization promoting awareness, education, and support of young adults living with hidden chronic illness. Started at Queen’s in 2009, the group has spread to include chapters at McGill University, University of Ottawa, Brock University, and University of Calgary.

Academic Support
The transition to university life is a big one – and part of it is adjusting to the challenges and workload that are part of being a Queen’s student. At Queen’s you are never alone. We have many offices dedicated to helping you learn, think, and do.

The Learning Commons
The Queen’s Learning Commons (QLC) is both a hub of services supporting formal academic programs and a meeting place within Stauffer Library. It encompasses physical and online environments, accommodating different approaches to learning.
The QLC provides resources, workshops and seminars, and one-on-one professional consultations for students who want to enhance or develop their skills. The QLC is composed of:

- **The Adaptive Technology Centre / Library Services for Students with Disabilities**
- **ITServices**: Services include many learning resources and workshop opportunities
- **Queen’s Library**: Services include Subject Liaison Librarians who can help you locate resources for your field of study
- **Student Academic Success Services** who can help you improve your writing and academic skills and confidence through online resources, workshops and individual appointments.

**Career Services**

As the central provider of career education and employment support services at Queen’s University for undergraduate, graduate students and recent alumni from all disciplines. They offer a comprehensive range of accessible services to support and empower students in making informed decisions about their career, further education and employment goals.
