## About Us

The **Queen's Women's Association** offers a wide variety of interest groups and events throughout the year. Members meet to socialize and to share information about Queen's University and community activities.

Many of the Association's meetings take place in a comfortably furnished house at 144 Albert Street.

Members may also book this facility for their own private or departmental events in the spacious rooms and well-equipped kitchen.

### **The Association's Objectives are:**

- a) to strengthen bonds between members of the Queen's Women's Association and Queen's University;
- b) to enhance collegial life at Queen's University by providing comfortable surroundings in which members can participate in social, intellectual, and cultural activities;
- c) to help facilitate projects relating to Queen's University which are of interest to QWA members.
