Letter of Reference

Submit one letter of reference only (only ONE will be sent to the Selection Committee). **Referees cannot be family members.**

A referee should know the applicant well. They should be aware of the accomplishments and personal attributes that make the applicant a strong candidate for consideration of the award they are applying for. Queen's is interested in students who demonstrate academic excellence and proven leadership qualities in addition to original and creative thinking. The letter must be written in English. The referee should indicate how long and under what circumstances they have known the applicant and explain why they believe this student is a strong candidate for a major admission award at Queen's University.

There are two options for how to provide a reference, confidential upload and student upload:

**Confidential Upload**
For representatives from organizations or school boards with policies requiring that students not have access to their letters of reference, the referee may upload the letter themselves. Students must provide referee information, and upon submission of a completed application, an email will be sent to the reference email with details on how to access the Confidential Reference Portal.

**Student Upload**
Alternatively, references can provide their letter directly to the applicant who will upload it into the student application. Referees are asked to prepare their letter as a PDF file and provide it to the applicant. Referees should ensure they date and sign their letter and provide contact information (email address or telephone number) should the selection committee require further information. The Letter of Reference will be uploaded by the applicant when submitting the online Major Admission Award application.

Please ensure the file name you are intending to upload complies with the following restrictions: only alpha-numeric characters, dash (-), comma (,) and underscore (_) are allowed. No spaces are allowed in the file name.

All attachments will be scaled to print on 8.5x11” paper. Any pages larger than this standard will result in missing or partial information on your application.
