

Shrinky Dinks

Materials

Shrink Plastic
Sheets

Coloured Pencils/
Permanent Markers

Baking
Sheet

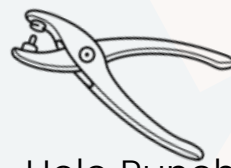

Scissors

Oven

Parchment Paper
or Tin Foil

Hole Punch
(Optional)

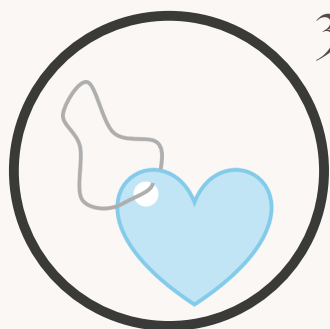

String
(Optional)

Instructions

1 / Cut the plastic sheet into the desired shape and use the markers to decorate it. Use a hole punch to make a hole in the plastic if you want your Shrinky Dink on a string.

Place the shapes on a tin foil (or parchment paper) lined baking sheet and have an adult bake the shapes at 325–350 °F for 2–3 minutes. Let cool.

3 / If you punched holes in your plastic, use the string to make bracelets, necklaces and keychains.
