

LOOK EVERYONE! IT'S
LEONARDO DAVINCI, I
LEARNED ABOUT HIM IN
SCHOOL... WOULD YOU LOOK AT
ONE OF MY DRAWINGS?
SOMETHING ISN'T
WORKING...

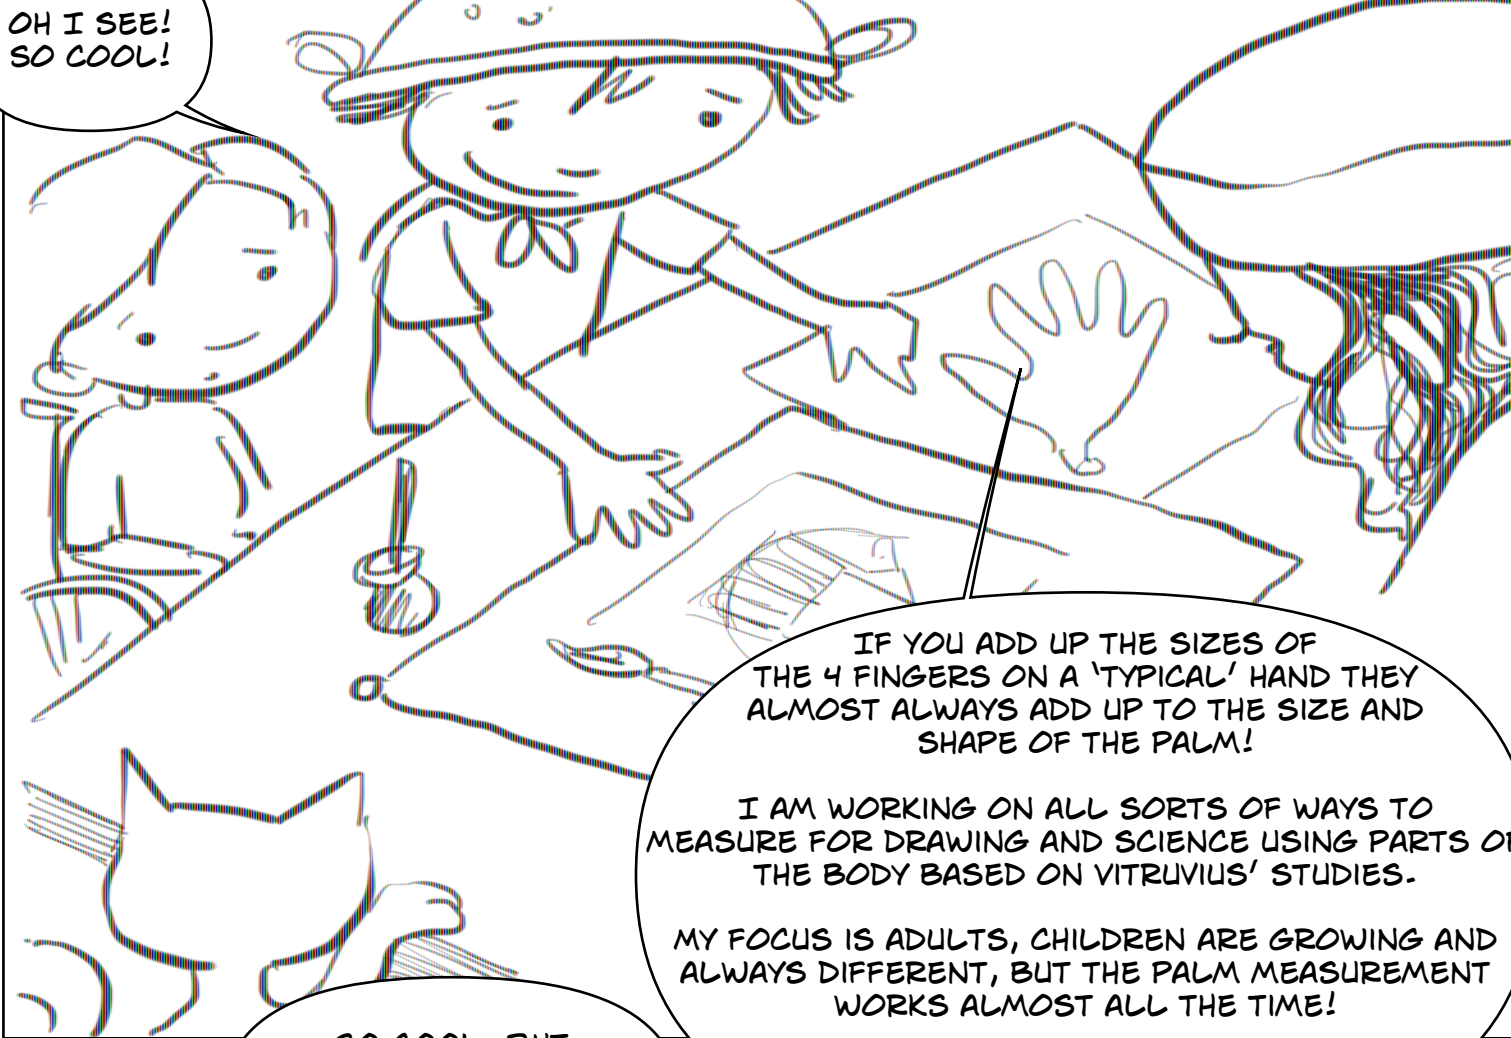

ARE YOU FROM THE
FUTURE? I KNEW IT
WAS POSSIBLE! YES,
PLEASE SHOW ME!

I'M TRYING TO
DRAW HANDS, BUT
THEY ARE SO
DIFFICULT!

HMMM... I THINK I
CAN HELP YOU. A
FAMOUS ARCHITECT,
VITRUVIUS, WROTE ABOUT
PROPORTIONS. WE'LL
USE HIS IDEA TO MAKE
THIS EASIER!

OH I SEE!
SO COOL!

IF YOU ADD UP THE SIZES OF
THE 4 FINGERS ON A 'TYPICAL' HAND THEY
ALMOST ALWAYS ADD UP TO THE SIZE AND
SHAPE OF THE PALM!

I AM WORKING ON ALL SORTS OF WAYS TO
MEASURE FOR DRAWING AND SCIENCE USING PARTS OF
THE BODY BASED ON VITRUVIUS' STUDIES.

MY FOCUS IS ADULTS, CHILDREN ARE GROWING AND
ALWAYS DIFFERENT, BUT THE PALM MEASUREMENT
WORKS ALMOST ALL THE TIME!

IT'S ALL NON-STANDARD UNITS OF
MEASUREMENT!

SO COOL. BUT
EVERYONE HAS DIFFERENT
HANDS AND SOME PEOPLES
HANDS DON'T FOLLOW
THESE RULES!

THAT'S TRUE,
HUMANS EACH HAVE
THEIR OWN UNITS OF
MEASUREMENT BUILT
RIGHT IN... I
WONDER WHAT
YOURS IS?

DOES IT WORK
FOR CATS AND
DOGS TOO?

DRAW OR TRACE YOUR HAND
HERE... WHAT DO YOU NOTICE
ABOUT THE SIZE OF YOUR FINGERS
COMPARED TO YOUR PALM?

PLEASE SHARE WITH US AT:
