The Queen's Institute for Energy and Environmental Policy (QIEEP) has requested an extension to their provisional approval status until March 31, 2011. Brenda Brouwer has been consulted on this request and we are both in agreement that we will extend provisional approval to March 31, 2011 but no further extensions will be granted beyond this period. A formal review of the Institute must begin within 30 days of the end of the extension period.

Should you have any questions or concerns, please do not hesitate to contact me.
