**Program Committee Update - Future University Council Meetings on EDII:** As promised at the AGM, the Program Committee is organizing follow up sessions on the theme of EDII. Our next session will be on the topic of ‘having hard conversations around EDII’. We will be joined by members of the Advancement group at Queen’s to learn how their team approaches this topic in their engagements with alumni. As part of our ambassadorial role, we will occasionally come across alumni and others that have differing views on topics such as racism at Queen’s or the denaming of buildings, and the Program Committee felt that a session that provided some guidance on how to approach these discussions would be a great place to start. The details and the date for the next session will be finalized shortly. In the meantime, please feel free to forward any thoughts about the past AGM or ideas for subsequent meetings to the Program Committee via ucouncil@queensu.ca.

Stay tuned - we’ll be in touch soon,

**Doug Bruce,** Chair, Program Committee

Councillors are asked to hold these dates in their calendars for future AGMs (dependent on term lengths found [here]): 2021 - November 6 and 2022 - November 5

Meet the AMS Executive Team:
Jared den Otter (President), Alexia Henriques (VP University Affairs) Alexandra Samoylof (VP Operation)

The Alma Mater Society of Queen’s University (AMS) is to serve and represent the diversity of students at Queen’s University. The AMS is the oldest student association in Canada. It has been the central student organization at Queen’s since 1858. Originally a debating society, the AMS progressively gained responsibilities for student affairs and became self-governing. Today, the AMS serves students and advocates their interests to the University and all levels of government.

The AMS structure consists of 5 offices, 3 commissions and 13 services. The AMS is unique amongst student government as 99% of their 700+ employees are Queen’s students, representing every faculty and year. Furthermore, the AMS oversees and collaborates with all 250+ ratified clubs at Queen’s. From retail experience to educational advocacy to anti-oppression publications, the AMS aims to offer opportunities for every member to make the most of their university experience inside and outside of class.
