

Want to practice your interviewing skills?

Want to showcase your research to the Queen's and Kingston Community?

Then sign up for the school of Graduate Studies – GRAD CHAT!

Grad Chat is a weekly radio session on CFRC during the winter term, specifically to showcase graduate research. You would be on air for about 15 minutes, but the good news we will pre-record the show.

We are now planning the scheduling for all interviews so if you are interested in this opportunity, let me know.

Please fill out the form below. I need to get an idea about the research so I can formulate some questions myself, but I also would like to know what you would like to be able to discuss. If there is anything I need to stay away from (ie sensitive, intellectual property rights etc), then please advise me. You may wish to talk to your supervisor first to work out what you can or can't say, or what indeed would be best to convey to the audience.

If you have other things you would like to mention what else you do while studying, jot it down for me. Eg, play in a band, volunteer within the community, sing, paint, anything. Depending on time it is good to have some other questions to ask.

I look forward to hearing from you.

Regards

Colette (CJ the DJ who will play host)
