Program revision forms should be submitted whenever a course addition, course deletion or course revision affects the graduate degree program requirements OR whenever a substantive change to current degree program requirements is proposed. Examples of substantive changes: reducing the coursework requirement of the degree program; restructuring of comprehensive examination requirement.

For EACH program revision, COMPLETE SECTIONS 1 through 5:

1. Description of Change: Indicate the degree program and/or SGS Calendar section to be revised.
2. Rationale: Provide a detailed justification explaining the proposed change(s).
3. Calendar copy: This is the text that will appear in the SGS Calendar. Provide the revised text with revisions **in bold**.
4. Timing: Please provide dates when these changes will come into effect. Describe how you will ensure that students who began their programs before this change will be allowed to continue in their programs (grandparenting arrangements).
5. Resources: If these changes will affect specific resource requirements in terms of rooms, equipment, computers, TAs, etc., please provide details. Will any new funds be required for these changes? If so, how will these costs be covered? Please include any relevant correspondence.
