# TEACHER EDUCATION

[educ.queensu.ca/teacher-education](http://educ.queensu.ca/teacher-education)

Become a future educator locally, nationally or globally with Queen's University Teacher Education. Build your teaching career with our diverse array of Bachelor of Education and Diploma in Education programs. We have options available to you based on your education level.

Join one of our full-time, on-campus programs in Kingston, ON. We also offer a community-based Aboriginal Teacher Education Program in Manitoulin Island.

## **BACHELOR OF EDUCATION (B.Ed.) and DIPLOMA IN EDUCATION (Dip.Ed.)**

Our Concurrent and Consecutive Education programs prepare you to become a certified teacher. We offer you flexible B.Ed. programs allowing you to specialize in your chosen program track or concentration. You can choose whether you want to be certified to teach primary/junior or intermediate/senior grades. The Dip.Ed. program is for those without a university degree, have experience in a broad-based technology area and are interested in teaching Technological Education in grades 9 to 12.

As part of your studies, you will gain valuable practical experience working alongside other education professionals in classrooms. In addition to your classroom practicum, you will have the opportunity to explore education outside the typical public school setting with our alternative practicum placements. These 3-week placements can be in any field related to your concentration and can be done anywhere in the world! We offer many funding opportunities to support international placements.

**APPLY** for a specific program in:

- Aboriginal Teacher Education
- Artist in Community Education
- Outdoor & Experiential Education
- Technological Education

or **CHOOSE A CONCENTRATION**

- Arts in Education
- Assessment & Evaluation
- At-Risk Children
- International Education
- Educational Leadership
- Educational Technology
- Environmental Education
- Exceptional Learners
- Teaching & Learning Outside of Schools
- and more

## **Concurrent Education (Con-Ed): One Program, Two Degrees**

Are you a high school graduate and want to complete a teaching degree? Our Concurrent Education program is for you. Complete two degrees at the same time: Bachelor of Education and Bachelor of Arts, Fine Art, Music or Science with this 5 year + 1 summer semester program. Most other universities only offer a six-year program, we built our program so that you can complete your education sooner and begin your teaching career earlier. You may also choose to do your first year abroad at our castle in England, the Bader International Study Centre, which will offer you international experience that sets you apart from your peers.

## **Consecutive Education: A Second Degree or Diploma**

Consecutive Education is for those who are interested in becoming educators or working in the field of education. Our program is unique because it takes place over four consecutive terms, starting in May and ending in August of the following year. Most faculties of education offer their program over 2 years, with fall and winter semesters. You will benefit from our uniquely designed program, because you will complete the program sooner and begin your teaching career earlier. Our Consecutive students join our Concurrent students in the final year of their program, forming a community that studies, works, and plays together in the professional home that we offer.

## ONLINE GRADUATE PROGRAMS

### GRADUATE PROGRAMS

[educ.queensu.ca/grad](http://educ.queensu.ca/grad)

Our on-campus graduate programs develop and support innovative research in education. Our Faculty of Education brings together diverse perspectives on education, fostering multidisciplinary expertise within an active collaborative research community. Our research leads to new knowledge and understanding about teaching and learning, and progressive changes in educational policies and practices.

As a researcher at Queen's, you will have opportunities to engage in outreach initiatives in the community and in local, national, and international partnerships.

You can complete our online graduate programs from anywhere in the world. Choose to take one diploma course or complete all diploma requirements and progress to your professional master's degree. Our online programs are for students from a variety of settings – schools, governments, universities, and people in career transitions.

#### GRADUATE DIPLOMA IN PROFESSIONAL INQUIRY (GDPI)

In both public and private sectors, inquiry is critical for informing teaching practice and student learning. Our part-time Graduate Diploma in Professional Inquiry program consists of five online courses. If you decide to continue studying after you finish the Graduate Diploma, you can take an extra five courses to earn a Professional Master in Education.

#### PROFESSIONAL MASTER OF EDUCATION (PME)

Our PME is an online, course-based master's degree that allows you to specialize in a concentration: Aboriginal Education, Assessment and Evaluation, Classroom Specialist, Literacy, or Education Abroad. You will complete 10 courses in total, including a mandatory course in organizational leadership and an optional capstone project. You may apply to our PME directly, or after completing our GDPI or Post-Graduate Certificate.

#### OUR RESEARCH EXPERTISE

- Assessment and Evaluation
- Curriculum Studies
- Early Childhood Education
- History and Philosophy of Education
- Language and Literacy
- Leadership and Policy Studies
- Learning Exceptionalities
- Math, Science and Technology in Education
- Social Justice and Inclusion
- Special Education

#### WHY GRADUATE STUDIES AT QUEEN'S?

- Take Advantage of our Flexible Program Structure
- Receive Outstanding Supervision and Support
- Gain Unique Teaching and Research Experience
- Be part of an Active Research Community

#### MASTER OF EDUCATION (M.Ed.)

Our M.Ed. will help you advance your knowledge and career in the field of education. Working with our outstanding researchers and experts in education, you will develop your critical reflection, innovative research, writing, teaching, and leadership skills.

You have the flexibility to choose your research focus and are not required to select a concentration. Instead, we offer a diverse range of courses and connect you with a program advisor to select courses that meet your research interests.

#### MASTER OF EDUCATION WORLD INDIGENOUS STUDIES IN EDUCATION (WISE)

WISE program allows you to pursue a Master of Education (M.Ed.) without leaving your community, family, and job. This flexible program is for students with experience in Indigenous communities and/or in Indigenous issues. Preference is given to qualified applicants of Aboriginal ancestry. It is a part-time and blended program: courses are on-campus during the first summer of the program and the remainder is completed online.

#### DOCTOR OF PHILOSOPHY (PhD)

Our PhD in Education will provide you with the ability to become a leader in your field with strong scholarly knowledge. Our graduate programs develop and support innovative research in education. Program course work and research opportunities emphasize the application and development of knowledge to teaching and learning. Our funded PhD is a full-time four-year program, which leverages expertise, collaborations, and partnerships within the Queen's research community. Join our collaborative and inclusive research community of education experts.

## ARE YOU A TEACHER LOOKING TO ADVANCE IN YOUR FIELD?

Continuing Teacher Education (CTE) offers online courses for teachers interested in expanding their leadership and subject knowledge. You can choose to specialize in the subject and divisions that you are currently qualified in or explore teaching in a new division and/or subject area. We offer online AQ and ABQ courses for teachers in Ontario, and online TQS courses for teachers in Alberta and British Columbia.

## POST-GRADUATE CERTIFICATES FOR TEACHERS

Have you already taken some of our CTE courses? You can bundle these courses to receive a certificate. We offer Post-Graduate Certificates for teachers in Ontario and British Columbia who wish to provide enriching and holistic learning opportunities for their students. The certificates consist of five online courses. Once you successfully complete your Post-graduate Certificate with CTE, you can receive advanced standing in selected Professional Master of Education (PME) courses at Queen's University.

## ENGLISH LANGUAGE COURSES FOR INTERNATIONAL STUDENTS

Are you an international student hoping to learn or improve your English language skills? Our School of English offers English language (ESL) programs and courses to further your college or university studies in Canada or for professional development. The program varies from intensive academic English, summer or winter short-term programs, and many tailored options.

## THE QUEEN'S EXPERIENCE

Queen's is more than a place to learn, it is a place to live, work, and grow. Our strong community, and the available programs and resources at Queen's, help to provide an inclusive and supportive environment.

Queen's University is one of Canada's top-ranked institutions and is known for the quality of its programs and research with an active student body and many international opportunities.

Since 1907, Queen's Faculty of Education continues to be a leader in education. With over 2000 students, more than 120 faculty and instructors, and more than 33,000 alumni around the world, the Faculty is positioned to bring our progressive, ethical approach to education and research to classrooms and students around the globe.

Whether you are joining us for your first diploma, degree, graduate studies, language, or additional qualification courses, you will have our support throughout your studies.

## YOU ARE GOING TO LOVE KINGSTON

- 1** Live in one of the top five university towns in the world, according to the BBC.
- 2** Enjoy all the conveniences of a large city with the cozy, welcoming feel of a smaller town.
- 3** Easily travel from Kingston to Toronto, Ottawa, Montreal, or New York State, or enjoy fast and convenient city transportation. Kingston is "halfway to everywhere!"
- 4** Shop, dine and enjoy arts, entertainment, and a beautiful waterfront in downtown Kingston. Kingston has more restaurants per capita than any other city in Canada.
- 5** Explore the traditional territory of the Haudenosaunee and Anishinabek peoples where Queen's University is situated, and learn about Kingston's history as the first capital city of Canada.
