*** IMPORTANT NOTICE ***

A new CCV release has successfully been deployed. Changes have been made to make it easier for researchers to enter data. Highlights are:

- In several sections of the CV, subdivisions and exact dates are no longer required.
- Most significant contributions can now be captured in the application and displayed on the PDF.
- The artistic contributions section has been enhanced with the addition of a Poetry section and an open section to capture other contributions.
- Help texts have been improved to convey more useful information and assist researchers in filling the CV.
- For added security, an improved captcha mechanism, developed by Google (https://www.google.com/recaptcha), has been implemented.

Note that these new sections may not be required by some organizations and thus will not appear on their Funding CV.
